Dear Honorable Mayor and City Council Members,

Project Big Wood and our supporters thank you for the opportunity to participate in the public hearing regarding Lots 1A, 2A, and 3A of Block 96, Bellevue Townsite.

Project Big Wood can support this project with the removal of the building envelope on Lot 2A adjacent to the river. We would like to encourage the commission to utilize plat notes that restrict certain types of activities and development adjacent to the stream channel, riparian area and floodplain.

Again, we thank you for the opportunity to participate and thank you for showing up for our home water, the Big Wood River, the centerpiece of our treasured community.

With Gratitude,

Amanda Bauman & the team at Project Big Wood
