Subject/Topic : 5 th officer needed  
Your Comments : We have a need for a 5th officer for the Marshal's Department to be included in this year's budget. I also request that the Fire Chief return for an extended budget discussion to explore defining the initiatives needed to grant at least part-time compensation for his deputy and how that could be balanced with possible compensation for his position becoming closer to full-time.

Please provide our Sheriffs Dept with additional manpower and additional funding.  
Bellevue is remis in its financial responsibilities to our peacekeepers.
