

Bellevue City Council,

I, Crista Parish, have worked in Bellevue for the past 5 years and would like you to know of the support many of us share for Bellevue Marshal's Office. They conduct themselves professionally and compassionately. They are always willing to offer a helping hand. They talk to you like they are your friends. I would argue that they have the best customer service for Law Enforcement in our valley. It is my belief that they should be funded for full staffing levels with 6 officers and MUST be funded for a minimal staffing level of 5 full-time officers.

We require them to make split second decisions that could affect many lives and our entire community, they must have proper sleep, days off and recovery time from the stress and despair they see. They should have your support to help them succeed in their line of work. This is a growing community with lots of people traveling through as well. There needs to be more Marshal's to properly protect us. The Bellevue Marshal's Office MUST be staffed with a minimum of 5 officers.

Thank you!

Sincerely,

Crista Parish

Mayor and City Council,

I Amada Pearce am a resident of Bellevue. Work at the oasis stop n go.

I would like you to know of the support many of us share for the Bellevue Marshalls Office.

They are friendly, they will help you with anything. Kind and sincere.

They make you feel like they sincerely care about our community.

With our growing community they will need more help.

I would strongly argue that they have the best customer service for Law Enforcement in our valley

It is has a Bellevue resident they should be funded for full staffing levels with 6 officers

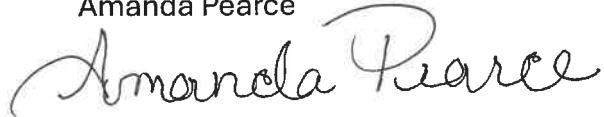

We require them to make split second decisions that could affect lives and our entire community,

They must have proper sleep, days off so they can recover from the stress and despair they see.

I think as a resident of Bellevue our local Law Enforcement must be staffed with a minimum of 5 officers.

Thank You,

Amanda Pearce
