2025 Annual Report

In accordance with Idaho Statute 50-2006(c), the Bellevue Urban Renewal Agency hereby submits the 2025 Annual Report.

History

The Bellevue Urban Renewal Agency (BURA) was established by City of Bellevue Ordinance 2008-3 on December 3, 2007. The BURA Plan adopted at the time of the creation of the District identifies the following goals:

- The elimination of environmental deficiencies in the Revenue Allocation Area, including, among others, obsolete and aged building types, deteriorated infrastructure, substandard streets or rights-of-way, and inadequate and deteriorated public improvements and facilities.
- The assembly of land into parcels suitable for modern, integrated development with improved urban development standards, including setbacks, parking, pedestrian and vehicular circulation in the Revenue Allocation Area.
- The revitalization, redesign and development of undeveloped areas which are stagnant or improperly utilized may be accomplished by partnering with landowners through assembly of small lots, creation of public parking spaces, creating a pedestrian friendly commercial main street (sic), and provide incentives to encourage workforce housing.
- The strengthening of the economic base of the Revenue Allocation Area and the community by the installation of needed site improvements, public facilities, creation of affordable workforce housing, to encourage a work/live/recreate community, to stimulate new commercial expansion, employment and economic growth.
- To provide adequate land for parks and open spaces, pedestrian walkways, street rights-of-way, and parking facilities.
- To provide improvements to the streets, rights-of-way and other public infrastructures.
- Utilization of site design standards and environmental quality and other design elements that provide unity and integrity to the Projects. Establish and encourage applicable LEED design standards.
- The opportunity of providing affordable workforce housing within the Revenue Allocation Area.
- The strengthening of the tax base by encouraging private development, thus increasing the assessed value valuation of properties within the Revenue Allocation Area and benefitting the various taxing districts in which the Revenue Allocation Area is located.
