Subject: comment for september 28th coucil meeting

READ THIS OUT LOUD IN THE MEETING DURING PUBLIC COMMENTSMy name is Jodi Walbaum.

I recently attempted to submit a public comment through the City's website using the Public Comment Form. Instead of reaching a form, I received an error message stating, "This application is no longer available."

What makes this especially concerning is that public access and citizen communication were discussed at the September 14 meeting, yet the City's advertised public comment process still does not work. Whether this is a technical oversight or not, it creates the appearance that residents are being shut out of yet another avenue for communicating with their elected officials.

I have screenshots documenting both the Public Comment Form page and the error page. I respectfully request that the City immediately fix this issue, publicly explain why the form is unavailable, and provide residents with a clear, reliable, and fully functional method for submitting comments to their elected officials. Citizens should not have to search for alternative ways to be heard when the City is actively directing them to a process that does not work.

You also get the August 24th minutes when you click the agenda form for september 28, 2026 council meeting. Again citizens are being blocked

Thank you.
